TIKI CAT BY PETROPICS

HUMAN GRADE

All formulas are manufactured in a human-grade factory and only utilize human-grade foods.

ONLY PREMIUM WHOLE FOOD INGREDIENTS

Their formulas are made with whole meat from preferred portions of seafood, including Ahi Tuna. Their seafood is caught in the South Pacific where mercury levels and pollutants are at their lowest possible levels. They can fresh at the source, off the ports of Bangkok, Thailand.

SAFE FOR ALL ADULT LIFE STAGES

Their formulas are low Magnesium, low Phosphate, low Sodium and low Carb and safe for all adult life stages. Their Seafood formulas have natural levels of ash that will vary by formula. The ash content found in Tiki Cat comes from the natural carbon levels found in their whole seafood sources and not from bone, by-products and other harmful sources.

MEETS SPECIAL DIETARY REQUIREMENTS

Their formula's certificate of analysis has been reviewed and approved by many Vets across the nation in behalf of "special diet" cats that have a history of various health problems including UTI, CRF, IBS, Kidney Stones, Kidney and Liver Disease, Diabetes and Loss of Appetite.

LOSS OF APPETITE

Vets treating cats that are suffering loss of appetite are now recommending Tiki Cat. Their success stories include extreme cases where cats have returned to eating and normal activity after being fed on feeding tubes or by force feeding after introducing Tiki Cat Premium Wild Caught Seafood.

AFFCO STANDARD

All formulas meet the nutritional levels established by the AAFCO cat food nutrient profiles for adult maintenance.

DOLPHIN SAFE CERTIFICATION

They are registered with the International Dolphin Conservation Program (IATTC),

monitored by conservationist inspectors to ensure appropriate procedures are met to maintain this status. The US government does not regulate the use of the "Dolphin Safe" logo making it difficult to know who is acting responsibly and truly "Dolphin Safe".

Tiki Cat comes in the following delicious Hawaiian-themed flavors:

Hawaiian Grill, Ahi Tuna

Tahitian Grill, Sardine Cutlets

Molokai Luau, Tuna on Rice with Calamari

NORTHERN BISCUIT BAKERY a division of NORTHERN PET PRODUCTS, INC.

Back in 1991 in a small four-room apartment in Etobicoke, Ontario, the birth of a new "All Canadian Company" took place. This is when and where Northern Pet founders Nick and Patty Grillo started looking to treat Tasha (their miniature American Eskimo with very picky taste buds) and realized there were few healthy snacks for dogs in the marketplace that were preservative free, could be part of a HOLISTIC diet and that dogs would BEG to eat.

After researching various healthy diets and using some of their own innovative ideas for preparing tasty foods, they developed a dog biscuit for which Tasha and many of their friends' family dogs would go "crazy". Sensing an opportunity they decided to test market the dog biscuit at the St. Jacobs Farmer's Market outside of Waterloo, Ontario. Brown paper lunch bags would suffice for packaging upon which a photocopied label of a Husky was pasted "all natural concept".

As a result, Patty and Nick spent many days, late evenings and weekends trying to meet the increasing requests for their biscuits.

A little at a time and with a lot of patience and tenacity, Northern Dog Biscuits were slowly popping up on Pet Food Store shelves all over Ontario and eventually Canada.

While the product line has expanded from one flavor of Dog Biscuits to over a dozen as well as introducing a full line of Equine treats, Northern Pet Products has maintained it's commitment to providing innovative, functional treats baked without preservatives or artificial ingredients, ideal snacks as part of a HOLISTIC diet.

GRAIN-FREE DOG TREATS

Green Beef Tripe with Atlantic Kelp

Green Tripe ("Green" simply mean the tripe is pure and unbleached). It contains a diverse profile of nutrients including enzymes, omega-3 and omega-6 fatty acids, probiotics, and phytonutrients. Green tripe aides in digestion and has a flavor dogs can't resist.

Grilled Bison With Real Blueberries

Slow-Baked Bison and antioxidant-rich Blueberries make this GRAIN-FREE Treat both delicious and nutritious.

Grilled Wild Boar With Pearsauce Glaze

Slow-Baked WILD Boar with the fresh sweetness of a Pearsauce Glaze together in a delicious and healthy treat.

Honey Glazed Duck With Real Papaya

Slow-Baked Honey Glazed Duck and nutrient-packed Papaya are combined to make this GRAIN-FREE Treat a truly healthy delicacy.

Smoked Trout with Wild Rice and Blueberries

Fresh Trout naturally smoked over apple-wood, with the added rich taste of Wild Rice and tangy whole blueberries. Delicious and Omega-3 rich with antioxidants.

Venison/Apple

Some dogs need alternative proteins and a little extra fiber. They have developed a delicious biscuit using REAL VENISON as a protein and APPLES as a healthy source of fiber.

Braised Lamb and Trout with Wild Rice

A truly sublime snack baked with the gentle goodness of FOOD-GRADE New Zealand lamb and OMEGA-3 RICH Rainbow and Lake Trout from Georgian Bay, Ontario. This WHEAT-FREE offering is ideal for dogs needing some OMEGA-3 Fatty Acids to help maintain a SHINY, HEALTHY skin and coat.

Peanut Butter Crunch

Chock-full of NATURAL PEANUT BUTTER with NO icing sugar or hydrogenated oils.

Harvest Vegetable

They've taken out the wheat and loaded in PEAS, CARROTS, and PURE PUMPKIN to offer a VEGAN snack full of natural FIBRE and BETA-CAROTENE for dogs that cannot have meat proteins or yeast.

Turkey-Cranberry

Made with 100% Grain-Fed Food-Grade Canadian Turkey these biscuits are LOADED with REAL CRANBERRIES which are ideal in maintaining a healthy urinary tract.

HIP+HEALTH Glucosamine BISCUITS

They created this naturally derived formula for dogs with arthritis or Hip-dysplasia. This delicious treat contains a high dose of Glucosamine HCL in a Wheat-Free chicken base.

WHEAT-BASED DOG TREATS

Beef Liver Bonanza

Loaded with PURE FOOD-GRADE USDA BEEF LIVER this bone-hard, crunchy, cookie will help CLEAN your dog's teeth with its abrasive texture.
